## *Brittany's Story*

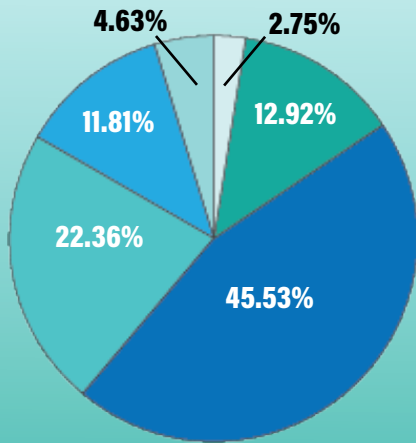

When filling out the application for Serenade Heights I remember putting that this program was an answered prayer. My lease was ending in a couple of months, I was unemployed, and about \$30,000 in credit card debt. Not having anywhere else to go with my young son, I was going to renew my lease and use the little line of credit I had left in order to pay for rent to give me at least time to figure out what I was going to do. I was out of options and in a hole I didn't know how to come up out of, but God had other plans for me.

I thankfully got accepted into Serenade Heights in March of 2023. I quickly found employment at an office a month later. While working the program I was introduced to my case manager and life coach, whom I would meet with regularly. I appreciate the support I receive from both of them frequently and they are a big part of my continued success in the program. One of the things my life coach taught me is that I don't have to stay in a situation that doesn't fit me and I can work in my current situation until my desired situation becomes reality. ...

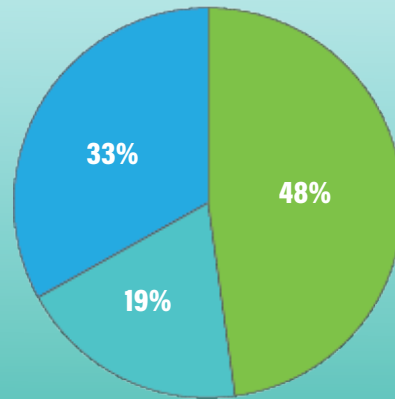

After being a part of Serenade Heights for 1 year I can confidently say that I will always love and appreciate Serenade Heights for their generosity in helping this single mom to set up systems for myself and my son to be successful now and in the future. They helped make my dreams into a reality.
